

CSPS Membership Order Form
Winter Session, 2010

Community Supported Plant Starts (CSPS) is a program of Cascadian Edible Landscapes (CEL), based on the Community Supported Agriculture concept. Know your garden. Support sustainable local relationships in your food chain. CEL provides Seattle-area urban gardeners with **flats of regionally- and seasonally-appropriate plant starts** and gardening support to help take the guesswork out of gardening and make your gardening efforts easier and more successful. Purchase a membership (and specify preferences) now and pick up 1, 1.5, or 2 flats of edible plant starts or seed packets in your own neighborhood on the distribution date. Your CSPS membership and advance order helps us with gardening education and food justice programs. Thank you for helping us help you and your neighbors. To purchase a CSPS membership and specify preferences for this session, use this form. **Please write legibly.** Or save the \$3 administrative paperwork fee by purchasing your membership online at <http://eatyouryard.com/oltp/public.php>

Distribution Date	September 10, 2010

‡ Membership Type (Circle One)	SM\$33 MED\$48 LG\$63
Addl. Food Justice Donation (Optional)	
Total Enclosed	

Small membership yields 5 standard crops and 5 "you-choose" crops (1 flat).
 Medium membership yields 7 standard crops and 7 "you-choose" crops (1.5 flats).
 Large membership yields 10 standard crops and 10 "you-choose" crops (2 flats).
 Donations help low-income families develop food self-sufficiency.

Enclose a check or money order in this amount payable to "Cascadian Edible Landscapes". Mail to 117 E. Louisa St., #397, Seattle WA 98102

Standard Crops, automatically included in your flat, up to 10 specimens/packs, depending on type of membership ordered:
 Lettuce, Heirloom; Mache, aka Corn Salad; Spinach, Ruby Orach Mtn.; Kale, Laccinato/RedRussian; Broccoli, incl. Purple Sprout; Garlic; Cover Crop, Vetch/Rye/FieldPeas

"You-choose" Crops: Please write in your preferences.

		10.

How many "you-choose" preferences you get depends on which membership type you order (see above). Write preferences with most favored crops first. OK to specify more preferences than target yield as back-ups. One seed packet is equivalent to one plant start specimen/pack. You may also write in more standard crops as your "you-choose" preferences.

The "you-choose" crops available this session are:

Cabbage, Copenhagen/RedRock	Tatsoi Mustard Greens, Spoon
Endive, Bellesque/Eros	Snap Peas, Cascadia
Sorrel, Red Vein	Seed: Mustards
Cauliflower, EarlyDawn/Fremont	Seed: Arugula
Collards, Champion	Seed: Spinach, RedMtnOrach
Broccoli, Romanesco	Seed: Spinach, Bloomsdale

* The available pickup neighborhoods are Mercer Island, University District, Wedgwood, Ballard, Columbia City, Queen Anne, Central District, Northgate, West Seattle, North Beacon Hill, South Beacon Hill, and Olympia. Please choose only one.

‡ Includes \$3 administrative paperwork fee. Handling paper order forms is more expensive. Save by purchasing membership online.
